Brno is a lovely city with great views and unique architecture. However, Brno can also be really chaotic, irrational and confusing. You either hate it or love it. But that’s what makes us unique.

The best way to get around the city is to walk or to use our well-considered system of public transport, even at night. You haven’t been in Brno if you haven’t joined us on the N-buses!

Before you arrive:

Brno is the life and soul of every party in Europe. Our location is more than convenient. PRAGUE (split on the floor like any local) is 2 hours, BERLIN, LIEGE or BRUSSELS are reachable in just a few hours by train.

Don’t call the taxi. Take the party bus.
